DETAILED ACTION

Response to Arguments

1. Applicant's arguments with respect to claims 1-12 have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1-12 are rejected under 35 U.S.C. 102(b) as being anticipated by WIPO document WO 01/10313 by Nash et al. provided in the IDS.

4. Regarding Claims 1-12, Nash teaches a system and method of ablating myocardial tissue within the wall of the heart or within the wall of a blood vessel connected to the heart comprising: supplying microbubbles to the circulatory system of a mammalian subject by introducing the microbubbles into the LA, LV, aorta or cardiac artery, so that the microbubbles perfuse the myocardial tissue of the subject via a catheter (Page 23 paragraph 3, Page 29 paragraph 2, Page 30 paragraph 2, and Page 31 paragraph 2); and while the microbubbles are present in the myocardial tissue, applying ultrasonic energy to the wall of the heart or to the wall of a blood vessel connected to the heart so that myocardial tissue having microbubbles present therein is heated by the ultrasonic energy and ablated. (Abstract, Claims 42 and 44)

Conclusion

Art Unit: 3768

5. Applicant's submission of an information disclosure statement under 37 CFR 1.97(c) with the fee set forth in 37 CFR 1.17(p) on 04/11/2008 prompted the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 609.04(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

6. A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to **SANJAY CATTUNGAL** whose telephone number is (571)272-1306. The examiner can normally be reached on 9:30 - 5:00 pm.
